

## About Our Planter Boxes

Bowers Forest Products Nursery Boxes are all manufactured in the USA with Red Cedar, held together with galvanized fasteners, and secured with polyester banding.

Cedar boxes are far superior to plastic containers for your plantings, offering proven environmental sustainability. We have been dedicated to environmental sustainability for over 20 years! In addition to being naturally rot resistant, they produce better insulation against cold elements and less water evaporation during hot weather. In windy conditions square boxes are more stable, reducing the need to stake pots.

Benefits of less wind topple includes:

- Less plant breakage
- Less fertilizer loss
- Less dirt loss
- Saved re-work labor

**Bowers Forest Products' boxes are built to last!**

## Your Go-To Wood Products Supplier

## Shipping Benefits with Bowers Planter Boxes

**Need to ship across the USA?** No problem, we got you covered! We thought about all the variables when it comes to shipping for you, so you don't have to. All our boxes can be shipped nested within one size to the next, to provide more product per truck load, as well as minimize freight damage during shipment.

## Our Nesting Sizes

We offer seven sizes to choose from for our cedar planter boxes, and they nicely "nest" together for easy storage and transport. All of our products are made from environmentally sustainable material that stems from our love of the outdoors and our respect for all that is natural.

## Knock Down Box Kits

We also offer Knock-Down (KD) Box Kits! Our KD Kits include four (4) side panels and the bottom boards. The end-user will do the final assembly of nailing the bottom boards and four side panels together then securing the exterior band around the outside of the box.

Kit Size	Volume (Gallon)	Kits Per Pallet
12"	5	150
15"	9.5	90
20"	23	65
24"	40	50
30"	64	35
36"	92.5	15
48"	199	15

Bowers Forest Products has been manufacturing and supplying the best cedar boxes to the nursery industry for over 20 years. Our quality and service has been proven over time.
